

To renew or join the Montreal student chapter, the student / post doctoral fellow has to [click on this application](#), they will see this screen:

Student Chapter Membership Application

To begin the application process please enter your six digit ECS ID#.

If you have never purchased anything from ECS or signed up for a website account then you probably don't have an ECS #. In this case [click here](#) to continue

If they have already created an account, they should enter their ECS ID number and press submit. If not, they can have to click where it says to **“click here”**. They will then see the application and whether they are renewing or joining, they should fill it out completely (If they already have an ECS ID, the form will be partially filled out for them).

Student Chapter Membership Application

Thank you for supporting and joining ECS. If you ever have any questions about all of the valuable membership benefits available to you, please contact us at membership@electrochem.org

Before submitting their applications, they should enter "Montreal Student Chapter" in the comments box.

graduate school or postdoctoral status, the Student Member may transfer to Active Membership. If the Student Member enters graduate school as a full time student, or enters a qualifying postdoctoral appointment after completing a doctoral degree, the person may choose to transfer to Active Membership or remain a Student Member. A person may hold Student Membership as a postdoctoral

Click here to indicate you have read the eligibility requirements and qualify for ECS student chapter membership.
